

Complete Comfort II

Anti-Fatigue Mats • Indoor/Outdoor

Complete Comfort II mats are anti-microbial, anti-fatigue mats that can be autoclave sterilized and commercially laundered.

- Ergonomically superior anti-fatigue mat.
- Textured surface offers superior slip and skid resistance.
- Beveled edges create a smooth floor-to-mat transition, reducing slip and falls and allowing carts to easily roll over the surface.
- The 100% Nitrile Rubber cushion is oil, grease, chemical resistant and welding safe.
- Anti-microbial treatment reduces odors by inhibiting the growth of germs and bacteria.
- Lightweight and easy to clean.
