

# Waterhog Plus

## Entrance Mats • Indoor/Outdoor

WaterHog Plus mats are durable, stain-resistant mats with a unique bi-level design that traps dirt and moisture, keeping your floors clean, dry, and safe.

- **Reinforced face Nubs:** Face Nubs are reinforced with rubber to resist crushing, maintaining high performance and extending product life.
- **“Water Dam” border:** The border is designed to hold water and dirt on the mat keeping them off carpets and floors. The unique raised rubber border allows Waterhog® Plus mats to hold up to 4 liters of water per square meter.
- **Raised Nub surface:** Removes and traps dirt and moisture, holding it on the mat below shoe level so they are not tracked onto floors.
- **Indoor/Outdoor:** Durable anti-static P.E.T. face suitable for indoor or outdoor use. P.E.T. fiber system dries quickly.
- **Colorfast:** Solution dyed for excellent light fastness.
