

Colorstar HD

Logo Mats • Indoor

Colorstar HD mats feature your custom logo or artwork digitally printed on recycled PET material. Choose from 100 standard color options.

- From a palette of 100 standard colours, you can create the most complex photorealistic and logo designs as well as rich and saturated solid shades.
- Colorstar HD mats are produced with phthalate free nitrile rubber and consist of 34% postindustrial recycled content in the rubber polymer.
- The top layer of the mat contains 100% recycled, post-consumer polyester (PET).
