# Solution Dyed Nylon

## Entrance Mats • Indoor

WOM® Solution Dyed Nylon mats are specially designed to pick up dirt and moisture in heavy traffic areas and buildings where a high level of cleanliness is critical.

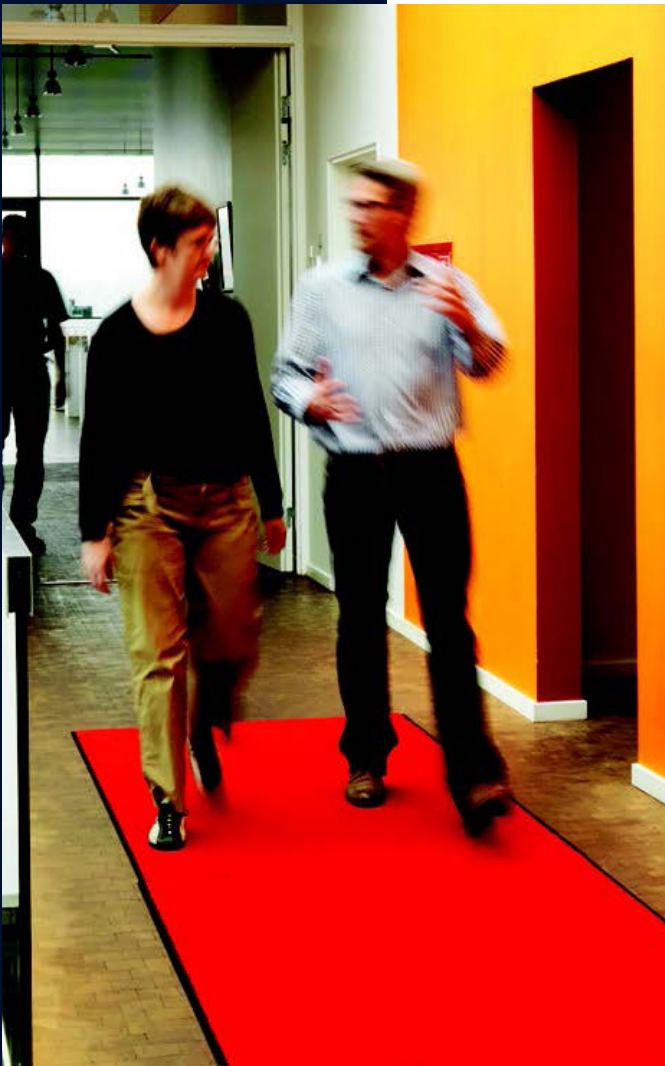

- Fibres are twisted and heat set for durable performance after repeated wash cycles.
- Carbon fibres twisted into the yarn which helps to dissipate static electricity.
- WOM® solution dyed nylon mats are manufactured in the UK and are produced with phthalate free rubber and incorporate 34% recycled rubber content to further reduce the impact on the environment.
- ECONYL® regenerated nylon is better when it comes to climate change by reducing the global warming impact of nylon by up to 90% compared with the material from oil.
